

Ethylene-Activated Signaling Pathway (GO:0009873) — Dharia, Compact vs Control

Upstream cascade shown for context — receptor/CTR1/EIN3 tier not in the tested gene set (grey, dashed = not measured here)

Ethylene response factor (ERF/EREBP) family — Dharia, Compact vs Control

thick black border = padj < 0.01
thin gray border = tested, not significant
hatched = no data for this gene in this contrast
